Breaking strength	C648	250 lbf or greater	COMPLY WITH ANSI A137.1	≥ 2200 lbf

* Average values referred to our production and related to the matt finish of the product.
 ** As far as values relating to the matt finish of the product and to tests carried out by certified external laboratories whose results are available upon request at Headoffice, we are willing to check the lot you are interested in purchasing.
 - Be sure to use tiles belonging to the same caliber.
 - Test results are available on request.
 - The information provided can be subject to change. Please refer to lucsa.com for the latest, most accurate and up-to-date information.

Elite^{DW}
 EXCLUSIVITY BY DESIGN

Elite^{DW}

With **style and innovation**, Elite is the collection that brings the elegance of the sown **Venetian floors terrazzo look** to the most contemporary settings. Faithfully reinterpreting the details of the flooring used in the most prestigious Italian architectures, Elite creates a refined visual counterpoint in modern spaces, with a delicate intertwining of chromatic variations, perfectly suitable for commercial and residential areas, both indoors and outdoors.

The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in this catalog are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile.

This porcelain tile product is manufactured with a V2 shade variation. Remember that the amount of color as well as the texture of each piece may vary from tile to tile. Inspect the product immediately upon delivery and select tiles from many boxes during installation to minimize and blend any possible color difference.

INFORMATION

RECOMMENDED USE

Elite matt finish is recommended for indoor floors, walls, countertops, and outdoor walls in commercial and residential applications. The use of Elite matt finish is not recommended for outdoor floors (for that application use Grip finish or Frontier20). Landmark recommends an offset no greater than 30%, if a staggered pattern is required for tiles of 20" inches or longer. Landmark recommends the use of leveler for a proper installation.

CARE AND MAINTENANCE

Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. Please visit lcsa.com for further information regarding the care and maintenance of Landmark products.

WARRANTY

Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1-2012 and in the performance specifications section of the Landmark general catalog. For more information, please visit our website at lcsa.com.
