INFORMATION

RECOMMENDED USE

Vision Color matt finish is recommended for indoor floors, walls, countertops, and outdoor walls in commercial and residential applications. The use of Vision Color matt finish is not recommended for outdoor floors (for that application use Frontier20). Landmark recommends an offset no greater than 30%, if a staggered pattern is required for tiles of 20" inches or longer. Landmark recommends the use of leveler for a proper installation.

CARE AND MAINTENANCE

Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. Please visit [lcsusa.com](http://lcsusa.com). For further information regarding the care and maintenance of Landmark products.

WARRANTY

Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1-2012 and in the performance specifications section of the Landmark general catalog. For more information, please visit our website at [lcsusa.com](http://lcsusa.com).
